## **MISSION STATEMENT**

The mission of the DUI Court Program is to enhance public safety by reducing recidivism of DUI offenders by breaking the cycle of addiction through a combination of individualized treatment, personal accountability and intensive court supervision to promote individual responsibility and citizenship and return a productive member back to the community.

## **INTRODUCTION**

The DeKalb County DUI Court (hereinafter referred to as DUI Court Program) is a post-conviction treatment Program for individuals that have multiple violations of driving while under the influence of alcohol or other intoxicants. It is a part of the probation portion of a D.U.I. sentence.

The DUI Court Program is a team concept involving the Judge, Prosecutor, Public Defender or the Defense Lawyer, Probation Officer, local Law Enforcement, Program Director, Treatment Coordinator, Case Manager and Substance Abuse Treatment Professionals. All members work together to support the Participants in addressing and combating substance abuse issues that resulted in placement in the criminal justice system.

The Program involves enhanced supervision, counseling, and treatment for the individual to function in the community with continuing support. The Program goal is to achieve sobriety of all Program Participants in order to improve the quality of their lives, eliminate future violations of the law, and enhance public safety.

All defendants accepted into the Program are assigned and supervised by Judge Alvin T. Wong or Judge Kimberly K. Anderson of the State Court of DeKalb County.

## **STATISTICS**

As of January 31, 2022 the Program has graduated 1036 Participants. The recidivism and conviction data is verified by the Georgia Crime Information Center and the National Crime Information Center.

## **PROGRAM RULES**

The DUI Court Team and Treatment Staff believe that if you follow three simple rules you will succeed in this Program:

**BE HONEST.** Of all the rules, this is often the most difficult. The Program staff and the Court expect you to be honest in all areas of your life. Do not attempt to falsify records, conceal alcohol/drug use, or tamper with or dilute your urine. If you're dishonest you will eventually get caught.

**DON'T WHINE!** Effort is necessary to complete this Program. It will be necessary to make sacrifices in order to be fully engaged in recovery and to successfully complete this Program.

**SHOW UP.** Be on time for groups, meetings and Court.

## **TREATMENT TEAM'S ROLES AND RESPONSIBILITIES**

All team members will attend and actively participate in staffing and attend status hearings; remain accessible to each Participant; recommend appropriate sanctions and incentives; be a community advocate for effectiveness of the Program; be actively involved in the ongoing development of the Program; and provide guidance and supervision to the Program Participants.

### **JUDGES -**

The DUI Court Judges are aware of the significant impact of substance abuse on the Court system, the lives of Participants and their families, the victims of criminal behavior, and the community as a whole. The Judges are committed to the overall DUI Court concept and Program goals, and work as the Team leaders to encourage the success of each Participant. One of the roles of the DUI Court Judge is to work with the Treatment Team in developing protocols and procedures for Participant success. During Status Conferences in the Courtroom, the Judge should develop a personal, working relationship with each Participant while monitoring their progress and accountability with Program requirements.

The Judge has many other daily responsibilities which require their attention. Direct contact with the Judge or his office staff is not permitted. The Judge cannot give legal advice. Information must go through the Treatment Coordinator, Treatment Clinician, Probation Officer, Case Manager, or the Program Director. The Judge attends non-court meetings with other Team members, not only to review and evaluate Participant progress, but also to evaluate appropriate courses of action. In addition, the Judge is an advocate for the Program by creating community interest and identifying community resources of value to Participants to enable them to achieve their goal of improving the quality of their life.

### **SOLICITOR-GENERAL -**

Without the Solicitor-General's cooperation, consent, and agreement, individuals would not be afforded the opportunity to participate in the DUI Court Program. The Solicitor-General's Office determines each person's eligibility for the DUI Court. This office must agree that the DUI Court Program is a suitable component for any negotiated plea agreement accepted as a part of the sentence imposed by the Judge. A Prosecutor from the Solicitor-General's office is assigned to the Team and attends sessions to monitor Participant progress throughout the Program, and to recommend appropriate sanctions, incentives, and rewards. Another role of the Solicitor-General is to educate the community of the multiple benefits of the Program and to identify resources to aid the Program. The Solicitor-General also informs peers, colleagues, and other members of the legal community about the benefits that can be derived from a properly operated DUI Court Program. During participation in this Program, it is not appropriate to seek advice

or legal counsel from the Solicitor-General's office. In the event of a probation revocation hearing, the Solicitor-General's office will be advocating the State's position and will make recommendations to the Court regarding any sentence that may be imposed.

## **DEFENSE ATTORNEY -**

The role of the Defense Attorney is to evaluate the Participant's legal situation and protect his/her legal rights. Additionally, the Defense Attorney should provide advice to assist in determining legal options, treatment options, Program conditions, and potential sentencing outcomes. At the time of sentencing when the Participant agrees to enter the DUI Court Program, the Participant has the right to have legal counsel to advise and assist with such a decision. If for any reason, the Participant should be brought before the Court for violating the terms of the DUI Court Program requirements or the Court's sentence, the Participant will be informed of the right to legal counsel and a hearing. Like the Solicitor-General, the Defense Attorney also contributes by informing clients, peers, colleagues, and other members of the legal community about the multiple benefits attributable to the DUI Court Program.

## **PROGRAM DIRECTOR -**

The Program Director is the administrator of the DeKalb County DUI Court Program, and along with the Solicitor-General's office, reviews each case to determine who is eligible for the Program. The Program Director also facilitates the communication and contact between all members of the DUI Court Team. The Program Director will meet with each Participant when necessary about any aspect of the DUI Court Program, will be the contact regarding fine and/or fee issues, and will monitor each Participant's financial obligation to the Court. Attending weekly Team conferences with the Treatment Clinicians and with the rest of the DUI Court Team is another important aspect of this role. The Program Director also keeps the Judges informed on the most updated information regarding each Participant. In addition, the Program Director's role is to inform, update and educate the public about the DUI Court Program. The Program Director is the first contact for any questions regarding the Program.

The Program Director reports to State Court Judges Alvin T. Wong and Kimberly K. Anderson and reviews and updates the Program's policies and procedures manual, Participant Handbook, and all documents associated with the DUI Court Program to ensure that operations and administration comply with Council of Accountability Court Judges (CACJ) and applicable state and federal requirements. In addition, the Program Director is responsible for all grant and D.A.T.E. fund applications and manages the Program's overall budget.

## **TREATMENT COORDINATOR -**

The Treatment Coordinator facilitates and schedules all group counseling sessions as well as other recommended sessions and clinically assess each Participant to develop a comprehensive individualized Treatment Plan. The Treatment Coordinator is responsible for developing a specialized curriculum for DUI Court Participants that includes proven evidence-based treatment practices and reports all Participants' progress or lack thereof to the DUI Court Team. All group facilitators and counselors are supervised by the Treatment Coordinator. The Treatment Coordinator attends all DUI Court staffing and Court sessions and is responsible for managing each Participant's treatment and reports the Participant's progress to the DUI Court Team.

## **FACILITATOR/COUNSELOR -**

The Group Facilitator/Counselor is responsible for re-assessing each participant under their caseload, assist in developing and revising individual treatment plans, conduct individual sessions and facilitate evidenced-based group sessions.

## **PROBATION OFFICER -**

The Probation Officer's primary responsibility is supervising and monitoring Participants and their progress in the DUI Court Program. Participants meet with the DUI Court Probation Officer a minimum of twice per month. If warranted, the DUI Court Probation Officer can at any time increase the frequency of these monthly meetings. As a condition of participation in the DUI Court Program, the DUI Court Probation Officer has the authority to visit Participants at any time, day or night, at home, at school, or at work. During these visits Participants may be subject to drug and alcohol screens. Furthermore, the DUI Court Probation Officer attends Staffing and Court Sessions to inform the Judges and other Team members about each Participant's progress or non-compliance in the Program.

## **CASE MANAGER -**

The DUI Court Case Manager is responsible for ensuring that each Participant is fully informed of all rules, regulations, and policies of the Program as well as monitoring each Participant's progress throughout the Program. The Case Manager also schedules and distributes the DUI Court calendar to the DUI Court Team and is the "central clearinghouse" for all other information and communication, both for the staff and the Participants. The Case Manager maintains records of Participants' residence, employment, payments, and other information and manages and updates all Participant files and can administer drug and alcohol screens. Other responsibilities of the Case Manager include assisting Participants in finding ancillary services in the community, updating their resumes, and assists each participant in obtaining information regarding their license suspensions.

## **COST OF THE PROGRAM**

As a condition of attendance in the Program, you are required to pay Program fees. Accordingly, seeking and maintaining employment is a condition of your participation. Inability of a participant to work will be addressed on a case-by-case basis. There is a one-time fee of \$50.00 for the initial assessment. Additionally, you will be charged \$50.00 per week while in the program. Should you test positive for alcohol or drugs, request to go out of town or miss a drug screen, there are additional costs that will be charged to you. Failure to keep your balance current may subject you to weekly community service, suspension from Program or termination.

## **COURT STATUS REVIEW HEARINGS**

As a participant in the Program you are required to attend court status review hearings every two to four weeks depending on the specific track you are placed in. The Judge will review your progress in the Program with the Program's staff and will determine what rewards, sanctions or adjustments may be appropriate. Your failure to attend these Court sessions will result in sanctions unless prior permission was granted by the Court.

At these court status review hearings, you are encouraged to ask the Judge any questions and voice any concerns you may have. You will also be given, on a monthly basis, a calendar showing when you are required to appear in court and the weekly treatment group session dates and times. It is your responsibility to keep track of your court and treatment dates.

Modifications may be made to attend online court sessions in lieu of a physical appearance in the courtroom. Information will be posted and access made available to you. Announcements and notifications will be made through the daily screen line and posted to the online program document. It is your responsibility to check the online program document for updates on a regular basis.

## TREATMENT

Each participant who is accepted into the Program will be required to attend treatment sessions located at the DUI Court Treatment Facility at 3630 Camp Circle, Suite 101, Decatur, Georgia 30032 or via an online platform. The treatment program is a fifteen (15) month program with three (3) tracks. Participants are assigned to specific tracks according to their risk/need levels. Each track consists of four (4) phases, each phase with specific requirements. The phases supply varying degrees of direct supervision, drug screening, case management, and individualized treatment. Participants will be expected to attend drug screening, treatment group sessions, individual counseling sessions (as necessary), and court status review hearings and may be required to attend community support meetings.

The Judge and Program Team may occasionally modify the requirements if a State of Emergency or unforeseen circumstances arise. Notice will be given to each participant and the guidelines posted to the online program document. Below is a schedule for in-person and virtual attendance. You will be instructed on which schedule to follow.

**Evening Program Group Session Schedule** – Mon. through Thurs. from 6:00 to 7:30 pm

## **GROUP SCHEDULE AND ATTENDANCE REQUIREMENTS**

### **Track 1 (In-person appearance at the Treatment Office)**

#### **High Risk/High Need**

- Phase 1 -** Attend three (3) group sessions per week or as recommended according to your individual treatment plan.
- Phase 2 -** Attend two (2) group sessions per week or as recommended according to your individual treatment plan.
- Phase 3 -** Attend one (1) group session per week or as recommended according to your individual treatment plan.
- Phase 4 -** Attend one (1) group session per week or as recommended according to your individual treatment plan.

\*During emergency situations virtual attendance is allowed. Participants are to follow instructions given to them by the treatment office.

### **Track 2 - (In-person appearance at the Treatment Office)**

#### **Low Risk/High Need**

- Phase 1 -** Attend two (2) group sessions per week or as recommended according to your individual treatment plan.
- Phase 2 -** Attend two (2) group sessions per week or as recommended according to your individual treatment plan.
- Phase 3 -** Attend one (1) group session per week or as recommended according to your individual treatment plan.
- Phase 4 -** Attend one (1) group session per week or as recommended according to your individual treatment plan.

\*During emergency situations virtual attendance is allowed. Participants are to follow instructions given to them by the treatment office.

### **Track 3 – (In-Person Appearance at the Treatment Office)**

#### **High Risk/Low Need**

- Phase 1 –** Attend three (3) group sessions per week or as recommended according to your individual treatment plan.
- Phase 2 –** Attend two (2) group sessions per week or as recommended according to your individual treatment plan.
- Phase 3 –** Attend one (1) group session per week or as recommended according to your individual treatment plan.
- Phase 4 –** Attend one (1) group session per week or as recommended according to your individual treatment plan.

\*During emergency situations virtual attendance is allowed. Participants are to follow instructions given to them by the treatment office.

Calendars are posted with the group and court schedules. It is your responsibility to keep up with your schedule and know when to attend groups and/or court sessions.

As you successfully move through the Program, the intensity of these requirements will lessen and expectations for increased accountability in everyday life increases.

A Participant can be reassigned to a different track if his/her progress is deficient or lacking in participation or if continued violations occur.

## **PHASE LENGTH & REQUIREMENTS**

### **All TRACKS**

#### **Phase 1, 2 and 3 – 4 Months Each**

#### **Phase 4 – 3 Months**

Attend and participate in group sessions according to your individual treatment plan.  
Attend community support meetings according to your individual treatment plan.  
Submit to a minimum of 3 observed random alcohol and urine drug screens per week.  
Attend court status review hearings as instructed.  
Report to Probation Officer as instructed.  
Random home visits by Probation Officer.  
Make regular weekly payments (bi-weekly or monthly if arrangements are made with the Program Coordinator) toward treatment costs.  
Demonstrate sobriety for the specific number of consecutive days required for each phase.  
Comply with your individual treatment plans and case management plan as recommended by the Treatment Coordinator, Case Manager and Counselor.

#### **Phase Specific Requirements for Progressing to the Next Phase**

##### **Phase 1 (in addition to the requirements listed above)**

Demonstrate sobriety for 30 consecutive days and comply with all Program requirements, policies and procedures.

##### **Phase 2**

Demonstrate sobriety for 45 consecutive days and comply with all Program requirements, policies and procedures.

##### **Phase 3**

Demonstrate sobriety for 60 consecutive days and comply with all Program requirements, policies and procedures.

##### **Phase 4**

Demonstrate sobriety for 90 consecutive days and comply with all Program requirements, policies and procedures.

\*See Group Support/Self-Help Meetings for more detailed information regarding community support and peer support meetings.

## **PARTICIPANT'S PROBATION REPORT DAYS**

You will be instructed to report to the Probation Officer assigned to the DUI Court Program. Reports can be conducted after a Court Status Review Hearing, at the Treatment office, on a virtual platform or at any time the Participant is requested to report. If there are any changes in your life such as address, roommates, employment, etc., you must inform the Probation Officer immediately.

## **EMPLOYMENT AND/OR SCHOOL**

The judge may require you to obtain/maintain employment or enroll in a vocational/educational program. If you lose your job while in the Program, you will be given a time frame in order to secure another job. While searching for employment, you may be required to participate in job training or community service.

Program staff may verify employment through phone contact with the employer or copies of paycheck stubs. The DUI Court Program strongly encourages you to notify your employer of your participation in this Program, including required court appearances and group sessions.

## **FRATERNIZATION**

Early recovery is full of pitfalls and relapse triggers. One pitfall that we can easily avoid is "pairing off" or fraternization. Pairing off occurs when two people in recovery spend too much time together and/or become romantically involved. When this happens, the parties involved tend to confuse feelings of fear or vulnerability with feelings of intimacy. This tends to shift their focus away from their recovery and greatly reduces their change of success in recovery. Early recovery is a period of profound personal change and self-discovery. Pairing off includes, but is not limited to the following:

1. Suggestive or flirtatious remarks.
2. Physical contact, such as holding hands, hugging, kissing or inappropriate touching.
3. Letter-writing, note-writing, texting or emailing.
4. Physical isolation by a couple from the group or from peers.
5. Consistently sitting together or being together at scheduled or unscheduled events.
6. Exchanging gifts or personal items.
7. Establishing a relationship with other participant's family or friends.

If it is observed that a couple is pairing-off, they will be counseled to discontinue any such relationship until an appropriate time. If they continue to pair off, the matter will be discussed with the treatment team and sanctions (which may include termination) may be imposed by the court.

## TREATMENT FACILITY

All D.U.I. Court activities and locations may be viewed as an extension of the DeKalb County State Court. Your behavior should reflect that understanding at all times. This includes treatment facility, community service sites, special events, and any other functions associated with the Program. Violation of Program rules can result in sanctions and/or new criminal charges. All staff members of the Program are to be considered as officers of the Court, and you are expected to follow their instructions.

1. No alcohol, drugs, weapons, or pocket knives will be brought on site or to any DUI Court Program function and/or event.
2. Groups will begin on time! The participants must be punctual as tardiness will result in sanctions. Participants must attend and participate in the full session to receive credit.
3. Confidentiality is a must. This ensures an opportunity for continued open discussions and sharing in group. What is said in Group stays in Group!!
4. Free expression of the participant's thoughts and feelings is encouraged; however, violence, threats or intimidation will not be tolerated. Use of profanity is not acceptable.
5. Leaving a group session is not permitted unless given permission by a Staff member.
6. Cell phones must be turned off completely while in group sessions and court status review hearings. They will be confiscated if they go off.
7. Clothing worn by participants cannot be sleeveless, revealing or provocative or expose the shoulders or midriff. Clothing cannot display obscene language or advertise alcohol or tobacco products. Shorts and skirts must not be shorter than 2 inches above the knee.
8. No visitors are allowed in the Treatment Facility. The participant will be notified of scheduled exceptions to this rule. This includes children.
9. An intimate relationship between participants, or between participants and a staff member is prohibited.
10. Gifts may not be exchanged with other participants or staff members.
11. Smoking is not permitted outside the Treatment Facility's front doors. Participants must walk up to the Camp Road sidewalk to a designated smoking area.
12. No littering in the Treatment Facility or outside the building. Participants must be responsible for assisting in maintaining the cleanliness of the building.
13. Destroying or defacing property will lead to sanctions and possible criminal charges.

## **PROGRAM GUIDELINES**

Honesty is a core component of the DeKalb County DUI Court Program. Dishonesty will only impede your recovery and hold back progression through the Court. It is your responsibility to disclose any violation of the terms of this Program to the Treatment Coordinator, Probation Officer, or the Program Director. Dishonesty of any form: lying, tampering with or adulterating drug screens, presenting fraudulent documents, etc. will not be tolerated and will subject you to substantial sanctions. Defrauding or lying may lead to your termination from the DUI Court and/or substantial confinement time. Honesty is essential to successful participation in the Program.

## **BEHAVIOR & DRESS CODE**

Attendance in Court is a critical and mandatory condition of participation in the DUI Court Program. Status Conference sessions are held in Court every other week. A schedule will be provided to you upon your acceptance into the program and will be posted in the common area of the Treatment facility. It is your responsibility to know the dates of the Court sessions. You must be on time, being late will subject you to a sanction from the court. Changes in the schedule will be announced on the screen line and will be posted in the common area of the Treatment facility.

Your behavior should reflect positively on you and the DUI Court Program. This means NO loitering in the front of the courthouse or treatment office before or after DUI Court events. Your attire should NOT include the following:

shorts, sleeveless shirts/dresses, tank tops, halter tops, low cut tops that reveal cleavage, hats, see-through clothing, sunglasses, tight clothing, flip-flops, bedroom shoes, excessively baggy clothing, or clothing with holes or derogative messages (including clothing that displays alcohol/drug slogans or ads).

Loud and disruptive behavior is unacceptable. Participants should not read, sleep, or use electronic devices in the Courtroom (or during any group session or self-help meeting). No food, drink, pagers, cell phones, electronic devices or other distracting items should be used in the courtroom. When addressed by the Judge, you should respond by speaking clearly and directly. You should always remain until dismissed.

## GROUP RULES

Participation is crucial to recovery. The group setting is a therapeutic environment and any violation of the rules will be reported to the court for further action.

1. Maintain the confidentiality of everyone in the group. This cannot be emphasized enough.
2. Share Feelings and experiences, but not advice. Accept each other without making judgement. Give everyone an opportunity to share.
3. Be on time for every session.
4. Always be honest.
5. Have a positive attitude and refrain from using offensive or vulgar language.
6. Always be respectful, attentive and supportive to peers.
7. Speak one at a time and listen when peers are sharing. Do NOT have side conversations or cross talking.
8. Threats or intimidation at any level will not be tolerated.
9. Do not get up during group and/or leave the group session. In the case of an emergency, inform your group leader of the situation.
10. Use the restroom prior to group or at break. It is disruptive to the group process and disrespectful to get up while someone else is sharing or while group is in session.
11. All cell phones must be turned off or placed in the designated area during group sessions.
12. Appropriate attire and hygiene are required at all times.
13. Keep drinks in closed containers. No food is to be consumed in the group room.
14. No sleeping during group and no laying or sitting on class tables.
15. No defacing program property.

## **VIRTUAL GROUP RULES & GUIDELINES**

1. You must always sit stationary facing the camera, preferably at a desk in your home. You must sit upright. No lying down while in the session. Please stay in the same location for the duration of the meeting. Lying in bed, walking around, or travelling in a car, either as a passenger or a driver, are not permitted. If you are in a vehicle during the meeting, please park in a location which has minimal distractions for the duration of the meeting.
2. You are not allowed to work on MRT assignments while in the session. All assignments must be done prior to the meeting. All assignments presented in group must be submitted 48 hours in advance to your facilitator.
3. Log in early to avoid technical difficulties. The meeting will be locked 5 minutes past the scheduled group time.
4. No one else (friends, family, pets) should be part of the meeting. Please refrain from any discussions with others.
5. Please eliminate any distractions (music, radio, televisions, etc.) while in the meeting.
6. Texting, checking cell phone messages, emails, Instagram, Snapchat etc. are not allowed while in the session.
7. There is no eating while in the session. Smoking is also not allowed.
8. Do not turn your camera or audio off during the meeting. You must always be visible to the facilitator.
9. Please dress appropriately. Lingerie, pajamas, or revealing clothing is not allowed.
10. Arguing is not allowed in this virtual group session. Any disagreements you may have should be discussed with the facilitator before or after the group meeting. Any violations will cause you to repeat MRT Step 3.

The group setting is a therapeutic environment; therefore, you agree to follow the above virtual group rules and guidelines and understand that any violation of the rules will result in a report given to the court for further action.

## GROUP SUPPORT/ SELF-HELP MEETINGS

Peer Support Groups and Community Support Meetings are designed to help you learn about the recovery process and build your recovery network. Support Groups are crucial as a non-professional community support system to help you maintain sobriety and often is used throughout a recovering person's life and can be a part of every Treatment Plan.

**Attendance Acceptance** - You will only receive credit for one (1) meeting per day. You may attend meetings in-person or online. In-person meetings will require you to complete a form (form can be obtained at the office and are located next to the submission box). The form must be completed in its entirety with a signature of the chairperson. When attending an in-person meeting you will need to use the Life360 app, check in at the beginning of the meeting and check in again when the meeting concludes. For online meetings you must make sure that you attend a meeting that provides verification of attendance. The form must show the time you joined and the time you left. All dates and times must match the time of the meeting in order to receive credit. Do not join more than 15 minutes before the meeting is to start and you must leave the meeting no more than 15 minutes after it ends. In-person forms and online verification forms must be submitted prior to the stated deadline.

**Submission Deadline** - Proof of attendance, whether virtual or in-person, must be turned in by Friday each week. The only exceptions are Friday meetings, those may be turned in by the close of business on Monday to give time to receive proof of attendance.

**Rejected Meetings** - A meeting can be rejected for numerous reasons; turned in past the deadline, form not completed; no verification or signature, not attending the entire meeting, meeting date and time doesn't match or the joined and ended time is in excess of the meeting time (more than 15 minutes before or after the meeting time). Your in-person slip doesn't coordinate with information from the Life360 app.

**Missed Meetings** - Missed meetings are just that, missing. You are required to attend a certain number of meetings and should submit them by the deadline. All verification/proof of attendance should be submitted each Friday. Only Friday meetings will be accepted late but must be turned in the following Monday to receive credit.

**30 Meetings in 30 Days (Daily Meetings)** - When under order to attend daily meetings or 30 meetings in 30 days, any missed or rejected meetings will be added to the end of your time. The matter will be addressed at the next court session and could result in further sanctions from the court.

**Administrative Response** - When you have a rejected or missed a meeting you will be required to **make that meeting up and attend one additional meeting per violation**. All additional and make up meetings will follow the regular submission deadline and must be made up by the Friday prior to the next scheduled court session. Continued violations for missing and rejected meetings will result in additional sanctions from the court.

Peer Support Groups and Community Support Meetings are designed to help build an additional support system outside of treatment and the judicial process to help individuals succeed once they graduate from the program. If any participant is found to be altering signatures or providing false signatures from meetings that they did not attend it will be reported to the court and could result in additional meetings each week, jail time, termination from this program or even criminal charges. Peer Support Groups and Community Support Meetings are for the individual's benefit and should be used to create an additional group of people that support that individual and his/her sobriety.

## LIFE360 APPLICATION REQUIREMENTS

As a DUI Court Participant, you will be **required** to install the Life360 app. Sharing location must be set to **always** until you receive permission from the court to turn it off. Turning the location sharing off can be used as an incentive by the court for program compliance and can also be used as a sanction for non-compliance.

## ASSIGNMENTS

You will receive a variety of written assignments while in treatment. Our expectation is that you will apply yourself to the best of your ability. The assignments that you turn in will reflect how well you are progressing. The assignments are an integral part of the treatment process and allow you to do a self-reflection on your recovery and will help you to determine how to plan for a sober lifestyle. Any assignments that are found copied or plagiarized will not be accepted and you, the offender, could face a sanction and/or termination from the program.

## TRAVEL REQUESTS

Requests to travel for business or leisure must be in writing and must be made **no later than 30 days in advance** of requested time off. This written request is to be given to the Case Manager. You must provide the exact dates and time of travel, mode of transportation, lodging name, address and telephone number. Once this information is received by the Case Manager, the travel request must then be approved by the Judge and DUI Court Team.

If the request to travel is for a 3-day weekend, you must provide an alcohol/drug screen before your departure at the Treatment Facility and upon your return. If the travel request is for more than a 3-day weekend, you will be required to provide an alcohol/drug screen while out of town at an approved collection site near your place of lodging. An out of town alcohol/drug screen will incur an additional charge of \$49 for each screen that is required.

In the event of a sudden illness or death of an immediate family member (spouse, children, grandchildren, siblings, parents and grandparents), you will proceed as needed. You must contact the Case Manager and/or Treatment Coordinator by phone to advise him/her of the situation and be prepared to provide proof of the emergency or death of family member upon your return to treatment. The Case Manager and/or Treatment Coordinator must be kept updated on the situation.

## DRUG SCREENS

As a participant in DUI Court Program you are expected to submit to random observed alcohol/drug urine screens and breath tests. Alcohol/drug testing is performed on a random basis through a computer software program; however, a breath or urine specimen may be required at any time. You must be punctual and prepared to submit a valid urine specimen or breath test during the specified screening hours posted daily on the drug screening line. Late arrivals will not be allowed to test. Urine testing will always be witnessed by a trained staff member of the same sex when the sample is being given. Only monitored urine collection will be accepted. Drug and alcohol tests may be collected anytime, including evenings, weekends and holidays. Missing a drug or alcohol test or failure to submit a specimen will be considered a positive screen which is subject to a sanction.

Upon the first day of treatment each participant is assigned a pin number and will be required to call the Drug Screening Information Line on a daily basis (even holidays and weekends for the entire length of the program) and report to submit a valid sample as instructed.

All specimens are sent to and tested by Averhealth. If an initial drug screen is positive the Case Manager and/or Program Director is notified and will address the issue with the participant. If the participant disputes the initial results the specimen will be pushed over for a confirmation. Should the confirmation results report back as positive or abnormal, the participant will incur an additional fee of either \$20 or \$30 for that confirmed screen. Tampering with or diluting a drug screen will also result in a sanction and may be grounds for termination from the Program.

You must provide a **testable** sample, one that is not “diluted” or “tampered with.” “Diluted” urine tests are classified as those tests having a reading indicating a urine creatinine level of less than 20 mg/dL (Creatinine is the substance in urine resulting from muscle breakdown). In a diluted urine sample, it is possible that drugs may still be present in the urine but be below the cut-off level of the drug assay. A “tampered” sample is one where the urine is in a condition that is **not testable** due to interference or other chemical reaction. Presenting a sample that is either diluted or tampered with is a violation of the Program requirements and will result in a sanction from the court. Any attempt to provide urine that is not the participant’s urine is a serious offense that will result in significant sanctions or dismissal from the program.

Urine specimen dilution is the most common method for individuals to use to avoid detection of drug and alcohol use. Dilution occurs when an individual consumes an excessive amount of fluid in a short period of time (64 ounces or more in approximately 90 minutes). Low creatinine levels are rarely caused by certain medical conditions and are not caused by drinking fluids to hydrate because of exercise or manual labor. Creatinine is not excreted by sweat, only urination. Having a diluted screen is the equivalent of attempting to provide a substituted or adulterated sample. To avoid having

a diluted or untestable sample limit fluid consumption to 32 ounces or less at least 2 hours prior to appearing for your drug screen.

## **DRUG TESTING POLICIES AND PROCEDURES**

The DUI Court Program is an alcohol/drug **abstinent** program. All participants should remain abstinent from all mood-altering substances throughout the course of their time with the DUI Court Program, including their time after graduation and while on probation.

Participants may not be able to stop using drugs immediately and recovery may not occur overnight. However, all use of illegal or unapproved drugs is a violation of the DUI Court Program requirements and will result in a sanction from the court. This is not intended as punishment but to encourage sobriety. Thus, the ultimate goal of drug testing is to provide accountability and confirmation of an individual's progress towards recovery. Admitting to using drugs or ingesting alcohol prior to the drug screen will be taken into consideration during the sanctioning process. On the other hand, not admitting to, and/or denying new use may result in a more severe sanction

Participants are assigned a pin number upon entering the program. It is the responsibility of the participant to call the drug screen line each day and report as instructed to provide a valid urine sample. Drug testing is performed on a random basis; however, a breath or urine specimen may be required at any time. Participants must be prepared to submit a valid specimen during the specified hours. Late arrivals will not be allowed to test and failure to submit a valid specimen will be considered a positive screen, which will result in a sanction from the court. A staff member of the same sex will always witness the sample being given.

Urine Drug Screens are mandatory. In addition to the random screens that are announced on the drug screen line, a participant may also be required to submit to a drug screen by any member of the DUI Court Team, i.e. Judge, Probation Officer, Treatment Coordinator, Program Director, Case Manager, Counselor or Prosecutor. Failure to appear for a drug test, refusal to submit, tampering or diluting the specimen is a violation of the Program and will result in a sanction hearing or possible termination from the DUI Court Program.

Upon the request for a drug screen:

- You indicate either a denial or admission to alcohol and/or drug use. Honesty is a crucial component for recovery and participation in the DUI Court Program. The Court may favorably consider self-disclosure-of-use a mitigating circumstance when sanctions are imposed.
- The only people allowed in the testing area at the time of administration of the test are the participant and the individual overseeing the collection of the sample.
- A sample is to be submitted by the cut-off time or within a reasonable time if called to screen outside of the normal screening window. Failure to produce a sample will result in a sanction hearing.
- Purses, coats, jackets, bags, etc. are prohibited in the testing area.
- Shirtsleeves should be rolled up to the elbow and a request to remove any additional clothing items may be made to ensure the validity of a specimen.
- The test cup must be filled to a minimum of 1/3 level to be adequate for testing.
- Collection of urine sample will be observed. In the event a drug screen cannot be observed, a temperature strip will be used to ensure sample integrity. If a urine sample does not provide an acceptable reading on the temperature strip, the participant will be required to provide a valid sample before leaving the collection site. You must empty all pockets, lift pant legs to show that no items are concealed in the socks or shoes, and must leave all belongings in a designated location prior to entering screening area.
- Use of an artificial device or substance of any type to alter the test will result in significant sanctions which may include termination from the program.
- If you deny use, the DUI Court Program will push the specimen over for confirmation using GC-MS or LC-MS.
- A \$20 charge will incur for positive and missed screens. Admittance to use prior to the request of confirmation will not incur the \$20 charge.

**Failure to comply with any of the above guidelines or refusing to provide a urine sample is considered a violation of the Program requirements and will result in a sanction from the court.**

The initial drug screen is analyzed within 24-48 hours. If the result is positive the Case Manager and/or Program Director will notify you. If you deny any alcohol/drug use, the specimen will be pushed over for a confirmation test (GC-MS or LC-MS), and should the confirmation come back positive, you will incur an additional fee of \$20-\$30 for the confirmation. A confirmed result for Ethylgucuronide (EtG) and Ethylsulfate (EtS) on a specimen is consistent with the conclusion that alcohol was present and a sanction will be imposed (the sanction hearing will be conducted at the next DUI Court calendar, or sooner if the need arises). A confirmed result with EtG above 500 ng/mL is also considered a positive result. Tests that are positive, elevated or diluted will delay eligibility for phase progression or graduation. If you, the Participant, dispute the results after the confirmation of the screen you may request a hearing and have the right to have counsel present.

## OBSERVED URINE SCREEN PROCEDURES

1. You must show your picture ID upon arrival of a drug screen.
2. A custody and control form is provided for you to read and verify that it contains your name and correct date of birth. Upon confirmation that you have received the correct form you are to initial the seals at the bottom of the form (DO NOT SIGN).
3. You must remove all outerwear (i.e. jackets, scarves, sweaters, etc.) and leave all personal items in a designated place outside of the screening area. You will be observed by staff members of the same sex ONLY. If not available, you will be required to empty all pockets, remove access clothing, and roll up pant legs.
4. You will remove the seal (you may place them on your clothing for placement on the specimen cup after the specimen is provided) and proceed into the screening area.
5. You must remove all bandages and wash your hands with soap. Hands must be thoroughly dried and paper towel discarded. An additional paper towel is to be placed on the counter or observation window.
6. The Screener (a trained staff member of the same sex) will then provide you with a sealed collection container through the observation window.
7. Before providing the specimen:  
**Men** must lower their clothing exposing genitals; stand in the designated area; unseal the collection cup; and with one hand holding the collection cup provide their specimen (the other hand must be placed on the wall or held away from the stream). Collection container must then be filled a minimum of 1/3 of the container in order to gather a correct temperature reading.  
**Women** must pull up long shirts; lower bottoms below the knees; squat (DO NOT SIT); unseal the collection cup; place one hand on the bar and the other holding the open cup. The collection must be caught in front of the body and the body facing the observation window leaving the genitalia area visible. Collection cup must then be filled a minimum of 1/3 of the container in order to gather a correct temperature reading.
8. Once the collection is complete, you will close and secure your collection cup by placing the seal across the top of the lid to prevent tampering. The collection cup is then placed in the observation window for the screener to collect and place in a secure area.
9. Flush the toilet, wash your hands, leave the screening area and return to the screener to complete and sign your custody and control form. At this time you will have an opportunity to disclose any alcohol/drug use and sign the Custody and Control form consenting to the collection and testing of the urine specimen.

## MEDICATION

As a condition of admission to the Program, you must agree to disclose to the Treatment Coordinator the name, address and telephone number(s) of your current physician or health care provider. You will be required to sign a medical information release form authorizing your physician and/or healthcare provider to disclose any and all medical information to the Treatment Coordinator. *No drugs of any kind, prescription or non-prescription, poppy seeds or foods containing poppy seeds, any dietary and herbal supplement or performance enhancement drugs (to include any and all energy drinks), or any vapor or electronic cigarettes, are to be taken or used without physician approval or without prior notice to the Treatment Coordinator.* You will be provided a "Safe Medications In Recovery" document showing what you can use while in this Program. If you wish to use something that is not on that document, you are to contact the Treatment Coordinator prior to using. **It is your responsibility to read the labels and know what is in the products you consume.**

Certain medications required to treat mental health issues may be considered, if needed. In order to take these medications you must have completed a psychiatric assessment/evaluation by a qualified physician (psychologist/psychiatrist) within the past six months and provide a copy of this evaluation and explanation of diagnosis to the DUI Court Treatment Coordinator. All participants are required to provide a signed Release of Information to the Treatment Coordinator from the prescribing physician.

In the Participant handbook is a list of prohibited substances and a list of medications that can be taken without prior approval. These lists are only a guide and not meant to be all-inclusive. If you should have any concerns, you should contact the Treatment Coordinator before taking medications of any kind.

## FOURTH AMENDMENT WAIVER

All participants must, at any time, without warning, probable cause, articulable suspicion or a search warrant, provide a sample of blood, breath, urine, saliva or other bodily substance and submit to searches of their residence, workplace, vehicle, containers, records, and all other locations and items when requested to do so by any law enforcement office, probation or parole officer, or DUI Court Team member.

## **PROGRAM BENEFITS**

Upon successful completion of the Program you will receive;

- reduced jail sentence (does **NOT** include charge dismissal)
- suspension of half of the fine amount
- 240 hours of community service credit (60 hours for each Phase completed)
- suspension of the probation supervision fee while actively attending the Program
- if eligible, a Certificate of Eligibility for an Ignition Interlock Limited Driving Permit or issuance of a limited permit or reinstatement of driver's license
- if eligible, a Multiple DUI Offender Program Certificate

In addition to all of the benefits above, it is the hope of the Program's Team members that you use the tools and resources that the Program has provided to continue with your recovery and maintain your sobriety.

## **TERMINATION**

The DUI Court Program is committed to providing all Participants with an opportunity to become alcohol and drug free. However, your continued participation in the Program is contingent on compliance with Program guidelines and regulations. Non-compliance includes, but is not limited to:

1. Inability to remain clean and sober;
2. Failure to attend and participate in individual and group sessions;
3. Threats or violence against peers or Program staff;
4. Altering or tampering with drug screens;
5. Committing a new criminal offense;
6. An accumulation of Program violations;
7. Failure to pay Program fees;
8. Continued non-compliance with Program guidelines.
9. Any form of sexual harassment towards another Program Participant or staff member.
10. Fraternization with another Participant or staff member.
11. Bad attitude impacting other Participants.
12. Forging of documents.

We want each and every participant to succeed, and we only consider termination as a last resort. The goal is to help each participant help themselves. Nevertheless, not everyone who enters the DUI Court Program is committed to maintaining sobriety and compliance with Program conditions. The Team may determine that the removal of a person for non-compliance is the most appropriate action for the success of all other participants.

## **COMMENCEMENT**

You are eligible for commencement/graduation when the following conditions are met:

- Completed all Program and Phase requirements.
- Demonstrated sobriety for at least 90 consecutive days while in Phase 4.
- The team determines that you are suitable for graduation.

Graduations are held quarterly (January, April, July and October). If you complete all phase and program requirements prior to the graduation date you must continue to submit to random drug and alcohol screens until your graduation occurs. You will remain on reporting probation until all probation requirements are completed. Alcohol and/or drug use is prohibited for your entire probation period.

It is the DUI Court Team member's hope that you will have established a sober, healthy, and a productive lifestyle. Remember, your recovery is an ongoing process. At this point in your treatment, you will have made a very strong beginning to this lifelong endeavor. We invite you to continue as alumnus of the Program and be a mentor to new participants. You may be pleasantly surprised and rewarded by the significant influence you may play in helping others overcome their addiction problems. This is a way for you to maintain contact with us and remember what it was like for you when you first entered the Program.

## **INCLEMENT WEATHER**

In case of inclement weather, if it is announced that the courthouse is closed all in-person sessions will be rescheduled or moved to a virtual platform. Information will be recorded on the daily screen line at 404-238-7618 and posted on the announcement web page (link is sent to all participants at the start of the program).

## **STATE OF EMERGENCY**

During a State of Emergency announcements and updates will be recorded on the daily screen line and announcement web page. Participants are to check regularly for any updates and instructions.

Treatment and drug testing is an essential component in a DUI Court Program. During a state of emergency, the DUI Court Team will review and modify changes according to the current situation. Changes could be that all matters, except drug screens, are moved to a virtual platform. In some situations, participants could see an increase in contact with staff via phone calls, emails, texts or virtual meetings. It is the responsibility of the participant to check all sources regularly.

# **DeKalb County DUI Court Program**

**ADAPT**

**MEDICATION GUIDE**

# **Medication Guide 2022**

## MEDICATION GUIDE -

This list is **not** an all-inclusive list but a guide to assist you in choosing medications, products and/or supplements that are safe or those that you should avoid. As always, check the list prior to use and consult your physician. If you still have questions you may speak to the Program Director or Treatment Coordinator. Please remember that staff are not experts on the subject matter but will assist you to the best of their ability, however, it is your responsibility to research products prior to use.

### Drugs to Avoid

#### Avoid any products that contain ALCOHOL

Ales

Beers (\*including Non-Alcoholic forms and Zero Alcohol Beers and Wines)

Liqueurs

Malt Beverages

Whiskey

Wine (\*including Non-Alcoholic forms and Zero Alcohol Beers and Wines)

Wine Cooler

Wild & Sour Beers and Ales

Light Beers

Hybrid or Fermented Beers

Lambic Beers

\*Non-Alcoholic beers and wines contain a reduced amount of alcohol but rarely are completely free of it.

Avoid any foods or sauces cooked or made with alcohol.

#### Cough & Cold

Duratuss	Phenergan w/Codeine	Dextromethorphan
Hycodan Tabs	Robitussin AC	Contac
Hycodan Syrup	Desoxyephedrine ( <i>Vicks</i>	Comtrex
Hycomine	<i>Nasal Inhaler</i> )	Delsym
Hycotuss	Oxymetazoline ( <i>Afrin,</i>	Mucinex DM
Hydromet	<i>Dristan</i> ) **	Nyquil
Tussionex	Phenylephrine ( <i>Vicks Sinex,</i>	Robitussin DM
VicoTuss	<i>4 Way Nasal Spray,</i>	Vicks Formula 44D
Ambenyl	<i>NeoSynephrine</i> ) **	
Guiatuss		
Mytussin Nucofed		

Avoid any products containing alcohol, Codeine, Hydrocodone, Dextromethorphan (any DM medications) Phenylephrine, Pseudoephedrine or Ephedrine.

ALWAYS READ LABELS and ASK YOUR PHARMACIST!

### **Pain Relief**

Buprenorphine (*Subutex, Buprenex*)

Buprenorphine / Naloxone (*Suboxone*)

Butorphanol (*Stadol*)

Codeine (*Tylenol w/Codeine, Fiorinal w/Codeine, ASA w/Codeine*)

Fentanyl (*Duragesic Patch, Innovar Injection, Actiq Lozenge, Fentanyl Nasal Spray, Sublimaze*)

Hydrocodone (*Lorcet, Lortab, Norco, Tussionex, Synalgos, Synalgos DC, Hycodan Syrup*)

Hydromorphone (*Dilaudid*)

Heroin (*Smack, Junk, Horse*)

Levorphanol (*Levo-Dromoran is injection only.*)

Meperidine (*Demerol, Mepergan Fortis*)

Methadone (*Dolophine*)

Morphine (*MS Contin, Kadian, Roxanol, various*)

Nalbuphine (*Nubain*)

Oxycodone & Combinations (*Oxycontin, Percocet, Roxicodone, Oxy IR, Percodan, Tylox, Roxicet*)

Paregoric

Pentazocine & Combinations (*Talwin, Talacen*)

Tincture of Opium

### **Muscle Relaxants / Other**

Carisoprodol (*Soma, Soma Compound*)

Chlorzoxazone (*Parafon Forte*)

Cyclobenzaprine (*Flexeril*)

Diphenoxylate / Atropine (*Lomotil*)

Methocarbamol (*Robaxin, Robaxisal*)

Orphenadrine (*Norflex, Norgesic*)

Pregabalin (*Lyrica*)

Tramadol (*Ultram*)

### **Sleep Aids & Tranquilizers**

Benzodiazepine

Alprazolam (*Xanax*)

Clonazepam (*Klonopin*)

Clorazepate (*Tranxene*)

Diazepam (*Valium*) Estazolam (*Prosom*) \*\*

Flurazepam (*Dalmane*)

Halazepam (*Paxipam*) \*\*

Lorazepam (*Ativan*)

Midazolam (*Versed*)

Oxazepam (*Serax*)

Quazepam (*Doral*)

Temazepam (*Restoril*)  
Triazolam (*Halcion*)  
Barbiturates, Oral or Injectable  
Amobarbital / Secobarbital (*Tuinal*, *AMAS Trees*, *Rainbows*)  
Butabarbital (*Butisol*)  
Butalbital (One of the combination ingredients in *Fiorinal*, *Fioricet*, *Endolor*, *Cephadyn*, *Esgic*, *Esgic Plus*, *Donnatal* and others.)  
Mephobarbital (*Mebaral*)  
Pentobarbital (*Nembutal*, *Yellow Jackets*, *Cafatine*)  
Phenobarbital (*Luminal*, *Blue Heavens*)  
Donnatal  
Amobarbital (*Amytal*)  
Methohexital (*Brevital*)  
Pentobarbital (*Nembutal*)  
Thiopental (*Pentothal*)  
Chloral Hydrate (*Noctec*, *Somnote*)  
Eszopiclone (*Lunesta*)  
Meprobamate (*Miltown*, *Equanil*)  
Zaleplon (*Sonata*)  
Zolpidem (*Ambien*)

### **Stimulants/Medication for Mood & Emotional Disorders**

Amitriptyline (*Elavil*)  
Amphetamine  
Benzphetamine (*Didrex*)  
Bupropion (*Wellbutrin*)  
Dextroamphetamine (*Dexedrine*, *Dexies*, *Hearts*)  
Fluoxetine (*Prozac*)  
Lisdexamfetamine (*Vyvanse*)  
Methamphetamine (*Desoxyn*)  
Adderall or Adderall XR  
Cocaine  
Diethylpropion (*Tenuate*)  
Fenfluramine (*Pondimin*) - - No longer available in the United States.  
Methylphenidate (*Ritalin*, *Methylin*, *Metadate*)  
Methylphenidate ER (*Concerta*, *Metadate*, *Ritalin SR*, *Daytrana*, *Methylin SR*)  
Phendimetrazine (*Melfiat*, *Phenazine*, *Prelu-2*, *Bontril*)  
Phenmetrazine (*Preludin*)  
Phentermine (*Ionamin*, *Fastin*, *Adipex*)

### **Hallucinogens**

5-MeO-DIPT (*Foxy Methoxy*)  
Bath Salts  
Cannabis (*Grass*, *Marijuana*, *Pot*, *Weed*)  
DMT (*Dimethyltryptamine*)  
Ketamine (*Special K*)  
LSD (*Acid*, *Blotter*, *Window Pane*, *Paper*, *Sunshine*)

Marinol (*Dronabinol*) - May be used medically, but must be approved by Program  
MDMA (*E, Eckies, Ecstasy, Love Drug*)  
Mescaline (*Peyote*)  
PCP (*Angel Dust, Phencyclidine*)  
Psilocybin (*Magic Mushroom, "Shrooms"*)  
Spic  
K2Spice  
STP (*DOM*)

### **Inhalants**

Acetone (*Nail polish remover*)  
Aerosols  
Airplane Glue  
Amyl Nitrate (*Poppers*)  
Butyl Nitrate  
Gases (*Ether, Chloroform, Nitrous Oxide, Butane, Propane, aerosol dispensers, bug sprays*)  
Paint (*Butane, Toluene, Propane*)  
Solvent (*Paint Thinner, Gasoline, Glue, Correction Fluid, Felt Tip Marker*)  
Varnish (*Xylene, Toluene*)

### **Personal Hygiene**

Hand Sanitizers (*unless alcohol free*)  
Any product containing alcohol, CBD, Hemp or Witch Hazel  
Any mouthwash containing alcohol

### **Other Substances to Avoid**

Bisques & Soups with added liqueurs  
Cooking Wines / Marinades (*Marsala, Sherry, Wine Vinegar, some BBQ Sauces*)  
Crème de Cacao  
Crème de Menthe (*Grasshopper pie*)  
Energy Drinks (*All brands and types*)  
Extracts (*Vanilla & other flavorings*)  
Flambeed Meat or Dessert  
Grand Marnier (*In mousses and other desserts*)  
Kahlua  
Performance Enhancement Herbal Products  
Poppyseeds (*Bagels, cakes*)  
Vaping Products or e-Cigarettes  
GNC Products  
Kimchi  
Fermented Products  
CBD Products (*Cannabidiol*) – (*oils, creams, gummies, topicals, edibles, lotions, ointments, balms, salves, capsules, pills, vaping liquid, mist sprays, toothpaste, candy, etc.*)  
Tetrahydrocannabinol "THC" free  
Body Building Supplements

St. John's Wart

Ginko Biloba

Witch Hazel

Any products listing "unknown ingredients"

Any product list as "not intended for human consumption"

Any product intended for the purpose of "getting high"

Any habit-forming product

## **Safe Medications - All medications should be taken as directed.**

### **ADHD / ADD**

Atomoxetine (*Strattera*)  
Clonidine (*Catapres*)

### **Antibiotics / Antivirals**

Amoxicillin (*Amoxil*)  
Amoxicillin/Clavulanate (*Augmentin*)  
Azithromycin (*Zithromax*)  
Cefaclor (*Ceclor*)  
Cefadroxil (*Duricef*)  
Cefprozil (*Cefzil*)  
Cephalexin (*Keflex*) Ciprofloxacin (*Cipro*)  
Clarithromycin (*Biaxin*)  
Clindamycin (*Cleocin*)  
Doxycycline (*Doryx*)  
Doxycycline (*Vibramycin*)  
Erythromycin (*E-Mycin*)  
Fluconazole (*Diflucan*)

### **Alzheimers / Dementia**

Donepezil (*Aricept*)  
Galantamine (*Razadyne*)  
Memantine (*Namenda*)  
Rivastigmine (*Exelon*)  
  
Gatifloxacin (*Tequin*)  
Itraconazole (*Sporanox*)  
Levofloxacin (*Levaquin*)  
Acyclovir (*Zovirax*)  
Bacitracin/Polymyxin (*Polysporin*)  
Bacitracin/Polymyxin/Neomycin  
(*Neosporin*)  
Clotrimazole (*Lotrimin*)  
Docosanol (*Abreva*)  
Mycostatin (*Monistat*)  
Penciclovir (*Denavir*)  
Terbinafine (*Lamisil*)  
Tolnaftate (*Tinact*)

### **Antihistamines / Allergies / COPD / Cough \* & Colds**

Cetirizine (*Zyrtec*)  
Desloratadine (*Clarinex*)  
Fexofenadine (*Allegra*)  
Loratadine (*Claritin, Alavert*)  
Albuterol (*inhaler*)  
Beclomethasone (*QVAR*)  
Budesonide (*Pulmicort*)  
Fluticasone (*Flonase*)  
Fluticasone / Salmeterol (*Advair*)  
Formoterol (*Foradil*)  
Ipratropium (*Atrovent*)  
Levalbuterol (*Xopenex*)  
Mometasone (*Asmanex*)  
Salmeterol (*Serevent*)  
Theophylline  
Tiotropium (*Spiriva*)  
Triamcinolone (*Azmacort*)  
Montelukast (*Singulair*)  
Zafirlukast (*Accolate*)  
  
Benzonatate (*Tessalon Perles*)  
Cepacol Lozenges  
Chloraseptic Lozenges  
Mucinex (*Guaifenesin Only*) (*Humibid LA, Mucinex, Robitussin*)  
Robitussin (*Chest Congestion, Guaifenesin, alcohol free only*)  
Cough Drops (*alcohol free only*)  
Ludens Cough Drops  
Cromolyn (*NasalCrom*)  
Saline (*Ocean, Seasoft, Ayr*)  
Zicam Nasal Gel  
Azelastine (*Astelin*)  
Budesonine (*Rhinocort*)  
Fluticasone (*Flonase*)  
Ipratropium (*Atrovent*)  
Mometasone (*Nasonex*)  
Triamcinolone (*Nasacort*)

\*Decongestants should only be used with Program approval.

### **Cardiovascular**

Amlodipine (*Norvasc*)  
Amlodipine/Benazepril (*Lotrel*)  
Aspirin  
Atenolol (*Tenormin*)  
Atorvastatin (*Lipitor*)  
Benazepril (*Lotensin*)  
Bumetadine (*Bumex*)  
Captopril (*Capoten*)  
Candesartan (*Atacand*)  
Carvedilol (*Coreg*)  
Cholestyramine (*Questran*)  
Clopidogrel (*Plavix*)  
Dalteparin (*Fragmin*)  
Digoxin (*Lanoxin*)  
Diltiazem (*Cardizem, Cardizem CD*)  
Enalapril (*Vasotec*)  
Enoxaparin (*Lovenox*)  
Ezetimibe (*Zetia*)  
Ezetimibe/Simvastatin (*Vytorin*)  
Fenofibrate (*Tricor*)  
Fosinopril (*Monopril*)  
Furosemide (*Lasix*)  
Gemfibrozil (*Lopid*)  
Heparin  
Hydrochlorothiazide (*Hydrodiuril*)

Hydrochlorothiazide - Triamterene  
(*Maxzide, Dyazide*)  
Irbesartan (*Avapro*)  
Irbesartan/HCTZ (*Avalide*)  
Isosorbide (*Imdur, Isordil*)  
Lisinopril (*Zestril, Prinivil*)  
Losartan (*Cozaar*)  
Losartan/HCTZ (*Hyzaar*)  
Metoprolol (*Lopressor*)  
Niacin (*Niaspan*)  
Nisoldipine (*Sular*) Nitroglycerin  
Olmesartan (*Benicar*)  
Pravastatin (*Pravachol*)  
Propranolol (*Inderal*)  
Quinapril (*Accupril*)  
Ramipril (*Altace*)  
Rosuvastatin (*Crestor*)  
Simvastatin (*Zocor*)  
Sotalol (*Betapace*)  
Spironolactone (*Aldactone*)  
Torsemide (*Demadex*)  
Valsartan (*Diovan*)  
Verapamil (*Calan, Calan SR*)  
Warfarin (*Coumadin*)

### **Diabetes / Blood Sugar**

Acarbose (*Precose*)  
Chlorpropamide (*Diabenese*)  
Exenatide (*Byetta*)  
Insulins (*Apidra, Humalog, Humulin, Lantus, Levemir, Novolog, Novolin, NPH, regular*)  
Glimepiride (*Amaryl*)  
Glipizide (*Glucotrol*)  
Glyburide (*Diabeta, Micronase*)

Linagliptin (*Tradjenta*)  
Linagliptin/Metformin (*Jentadueto*)  
Miglitol (*Glyset*)  
Nateglinide (*Starlix*)  
Pioglitazone (*Actos*)  
Repaglinide (*Prandin*)  
Rosiglitazone (*Avandia*)  
Sitagliptin (*Januvia*)

### **Erectile Dysfunction**

Sildenafil (*Viagra, Adcirca*)  
Tadalafil (*Cialis*)  
Vardenafil (*Levitra, Staxyn*)

### **Eye Disorders / Dry Eye / Glaucoma**

Betaxalol (*Betoptic*)  
Bimatoprost (*Lumigan*)  
Brimonidine (*Alphagan P*)  
Brinzolamide (*Azopt*)  
Carboxymethylcellulose (*Tears, Natural Tears, Systane*)  
Cyclosporine (*Restasis*)

Dorzolamide (*Trusopt*)  
Dorzolamide / Timolol (*Cosopt*)  
Latanoprost (*Xalatan*)  
Metipranolol (*Optipranolol*)  
Tetrahydrozoline (*Visine, Clear Eyes*)  
Timolol (*Timoptic*)

### **Gastrointestinal Products –**

#### **Antacids/Constipation/Diarrhea/Gas/IBS/Colitis/Chrohn's**

Famotidine (*Pepcid*)  
Maalox  
Mylanta  
Omeprazole (*Prilosec*)  
Rolaids  
Tums  
Deslansoprazole (*Dexilant*)  
Pantoprazole (*Protonix*)  
Esomeprazole (*Nexium*)  
Rabeprazole (*Aciphex*)  
Metoclopramide (*Reglan*)  
Bisacodyl (*Dulcolax* – tablet / suppositories)  
Mineral Oil  
Docusate (*Colace*)  
Polyethylene Glycol (*Miralax*)

Fiber products (*Benefiber, Fibercon*)  
Psyllium (*Metamucil, Benefiber*)  
Glycerin Suppositories  
Senna (*Senokot*)  
Magnesium Citrate  
Senna / Docusate (*Peri-Colace*)  
*Milk of Magnesia*  
Bismuth Subsalicylate (*Pepto-Bismol, Kaopectate*)  
Loperamide (*Imodium*)  
Simethicone (*Mylicon*)  
Alosetron (*Lotronex*)  
Anticholinergic / Antispasmodics  
Lubiprostone (*Amitiza*)  
Mesalamine (*Asacol, Lialda, Pentasa, Rowasa*)

### **Nausea**

Bismuth Subsalicylate (*Pepto-Bismol, Kaopectate*) Metoclopramide (*Reglan*)  
Dimenhydrinate (*Dramamine*) \*\*  
Meclizine (*Bonine, Antivert*) \*\*  
Phosphorylated Carbohydrate (*Emetrol*)  
Ondansetron (*Zofran*)  
Scopolamine (*Transderm Scop*)

**HIV / AIDS TREATMENT:**

Abacavir ( <i>Ziagen</i> )	Indinavir ( <i>Crixivan</i> )
Abacavir + Lamivudine ( <i>Epzicom</i> , <i>Kyvexa</i> )	Lamivudine ( <i>Epivir</i> )
Abacavir+Zidovudine+Lamivudine ( <i>Trizivir</i> )	Lopinavir+Ritonavir ( <i>Kaletra</i> )
Amprenavir ( <i>Agenerase</i> )	Nelfinavir ( <i>Viracept</i> )
Atazanavir ( <i>Reyataz</i> )	Nevirapine ( <i>Viramune</i> , <i>Viramine XR</i> )
Chloroquine ( <i>Aralen</i> )	Raltegravir ( <i>Isentress</i> )
Darunavir ( <i>Prezista</i> )	Rilpivirine ( <i>Edurant</i> )
Delavirdine ( <i>Rescriptor</i> )	Rilpivirine ( <i>Endurant</i> )
Didanosine ( <i>Videx</i> , <i>Videx EC</i> )	Rilpivirine+Tenofovir+Emtricitabine ( <i>Complera</i> , <i>Eviplera</i> )
Efavirenz ( <i>Sustiva</i> )	Ritonavir ( <i>Norvir</i> )
Efavirenz+Tenofovir+Emtricitabine ( <i>Atripla</i> )	Saquinavir ( <i>Invirase</i> )
Emtricitabine ( <i>Emtriva</i> )	Stavudine ( <i>Zerit</i> )
Enfuvirtide ( <i>Fuzeon</i> )	Tenofovir ( <i>Vilread</i> )
Etravirine ( <i>Intelence</i> )	Tenofovir+Emtricitabine ( <i>Truvada</i> )
Fosamprenavir ( <i>Lexiva</i> )	Tipranavir ( <i>Aptivua</i> )
Hydroxychloroquine ( <i>Plaquenil</i> )	Zanamivir ( <i>Relenza</i> )
Hydroxyurea ( <i>Hydrea</i> )	Zidovudine ( <i>Retrovir</i> )
	Zidovudine+Lamivudine ( <i>Combivir</i> )

**MENTAL & EMOTIONAL DISORDERS / MOOD STABILIZATION / DEPRESSION / BIPOLAR / SCHIZOPHRENIA / SEIZURES:**

Aripiprazole ( <i>Abilify</i> )	Nefazodone
Atomoxetine ( <i>Strattera</i> )	Nortriptyline ( <i>Pamelor</i> )
Buspirone ( <i>Buspar</i> )	Olanzapine ( <i>Zyprexa</i> )
Carbamazepine ( <i>Tegretol</i> , <i>Carbatrol</i> )	Oxcarbazepine ( <i>Trileptal</i> )
Chlorpromazine ( <i>Thorazine</i> )	Paroxetine ( <i>Paxil</i> )
Citalopram ( <i>Celexa</i> )	Perphenazine ( <i>Trilafon</i> )
Clozapine ( <i>Clozaril</i> )	Phenytoin ( <i>Dilantin</i> )
Divalproex ( <i>Depakote</i> , <i>Depakote ER</i> )	Quetiapine ( <i>Seroquel</i> )
Doxepin ( <i>Sinequan</i> )	Risperidone ( <i>Risperdal</i> )
Duloxetine ( <i>Cymbalta</i> )	Sertraline ( <i>Zoloft</i> )
Escitalopram ( <i>Lexapro</i> )	Tiagabine ( <i>Gabitril</i> )
